Profile

I have completed a Level 2 Digital Industry course, gaining practical experience in HTML, CSS, JavaScript, Python and database development. Through my personal projects, I have developed problem-solving, creativity and teamwork skills. I am now looking for an apprenticeship where I can develop my technical knowledge, gain professional experience and build a successful career in the technology industry.

Technical Skills

- **Web Development:** HTML5, CSS3, JavaScript, Bootstrap 5
- **Programming Languages:** Python, JavaScript, SQLite3
- **Game Development:** Unity 2D
- **Development Tools:** Visual Studio Code, Git and GitHub
- **Version Control:** Git and GitHub for managing and sharing projects
- **Responsive Web Design:** Creating mobile-friendly websites
- **Problem-Solving:** Debugging, testing and troubleshooting code
- **Microsoft Office:** Word, Excel and PowerPoint Projects

Education

GCSE's

Southampton College

- English Language (Present)
- Higher Math – Grade 6 (2023)

ESOL Level 2, equivalent to GCSE

Southampton College | 2024-2025

Level 2 Digital Industry

Southampton College | 2025-2026

- Studied web development, programming and digital technologies.
- Gained practical experience in HTML, CSS, JavaScript, Python, SQLite3 and Unity 2D.
- Completed practical projects involving website development, programming and problem-solving.

College Projects

Personal Portfolio Website | HTML, CSS, Bootstrap, JavaScript

- Designed and developed a responsive website to showcase my skills, experience and projects.
- Created interactive project timelines, animations and mobile-friendly layouts.

- Used Git and GitHub for version control and website deployment.

CalmDG – Digital Wellbeing Website | HTML, CSS, Bootstrap, JavaScript

- Developed a multi-page website to raise awareness of digital wellbeing.
- Created interactive quizzes, activity trackers and responsive web pages.
- Collected user feedback to evaluate and improve the website.

ESCAPUZZLE – Text Adventure Game | Python

- Developed an interactive, story-based game using Python.
- Implemented puzzles, inventory management, decision-making and a life system.
- Used conditional statements, loops and functions to control gameplay.

FoodLandia – 2D Space Defender | Unity 2D

- Designed and developed a 2D arcade-style game using Unity.
- Gameplay mechanics and interactive menus.
- Applied problem-solving, debugging and game design techniques.

Promotional Website – TK Maxx | HTML, CSS

- Designed and developed a multi-page retail website with product catalogues, promotional offers and contact information.
- Created product cards, category navigation and responsive page layouts.
- Applied web design principles to create an attractive and user-friendly interface.

Database Management System | SQLite3, SQL

- Designed and developed a relational database to organize and manage business information.
- Created database tables and used SQL queries to store, retrieve and update records.
- Applied database design and data management principles to improve data organization.

Work Experience

Delivery Driver / Food Courier | 2024–Present

- Manage deliveries efficiently while maintaining excellent customer service.
- Demonstrate strong time management, organization and problem-solving skills.
- Work independently and adapt quickly to changing situations.

Crew Trainer – McDonald's, Rownhams Service Station | November 2022–Present

- Trained and supported new employees, helping them develop their skills and confidence.
- Worked effectively within a team in a fast-paced environment.
- Developed strong communication, leadership and problem-solving skills.
- Maintained high standards of customer service and workplace safety.

Interests

- **Programming:** Developing personal projects, exploring new technologies and improving my coding skills.
- **Creative Media:** Music composition, video editing and digital content creation.
- **Creative Writing:** Writing fiction and developing original stories, using imagination, creativity and storytelling skills.
- **Problem-Solving:** Enjoying logical puzzles and finding creative solutions.
- **Cricket:** Enjoy playing cricket with friends.
